Contact details of contributor (email and telephone number):	

We would be grateful if could supply as much information as you can & where possible a brief summary of findings (Section 2). If this is not possible then simply supplying publication details with weblinks would also be extremely helpful (Section 1). Please insert evidence details in the most appropriate thematic row (these rows align to the chapter structure of the report). We will accept any new evidence and research published between **1 January 2015 and end May 2016.**

The deadline for responses is **Tuesday 31 May.**
Please return completed form to: **Kerry.ArcherDutton@phe.gov.uk**

What do we know about... (Themed chapters)	Section 1 Publication details (including publication title, author, publication date, journal, weblink)	Section 2 Brief summary of aims/methods/findings/conclusions
Need and trends in death <i>Includes information on numbers of deaths and future projections of deaths</i>		
Public attitudes <i>Includes information on talking about death and dying</i>		
Place of death trends		
Different disease groups and death <i>Includes CVD, dementia, co-morbidity, frailty and cancer</i>		

What do we know about... (Themed chapters)	Section 1 Publication details (including publication title, author, publication date, journal, weblink)	Section 2 Brief summary of aims/methods/findings/conclusions
<p>Inequalities</p> <p><i>Includes age, geography, ethnicity, culture, sexuality</i></p>		
<p>Preferences for place of care and place of death</p>		
<p>Cost of care</p>		
<p>Quality of care</p> <p><i>Includes how we can enable people to live well and die in preferred place with quality of care</i></p>		
<p>Health and wellbeing of people approaching the end of life and their carers</p> <p><i>Includes evidence that explores physical, social, spiritual and cultural needs of the person, family or carers</i></p>		
<p>Hospital care in the last year of life</p>		
<p>Specialist palliative care</p> <p><i>Includes all professional groups e.g. physio, OT, dieticians, social workers, spiritual and psychological support</i></p>		

What do we know about... (Themed chapters)	Section 1 Publication details (including publication title, author, publication date, journal, weblink)	Section 2 Brief summary of aims/methods/findings/conclusions
Primary care and community services in the last year of life		
Care homes in the last year of life		
Carers and end of life care		
Care after death and bereavement		
End of life care education and training		
Co-ordination of end of life care		
Workforce		
Ambulance services		
Other <i>New emerging research that doesn't neatly fit into above categories</i>
