**PALLIATIVE
CARE
RESEARCH
DIRECTORY**

April 2023

PURPOSE

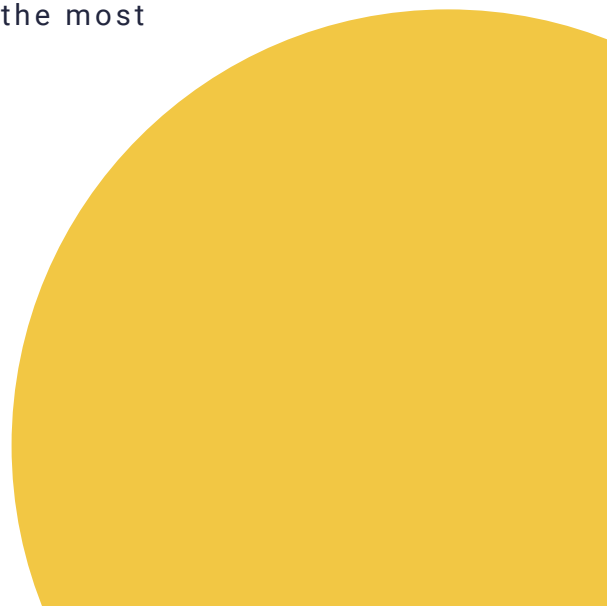

The field of palliative care research has grown considerably in the last few decades. It is an exciting time for clinicians and researchers in this area.

We have collated contact details of palliative care research institutions and representatives across the UK in order to improve access for clinicians and students in accessing information about local palliative care research centres.

If you would like to be included in this network of research centres or update information about your own, please contact apmtraineescommittee@gmail.com

The information in this document was correct to the best of our knowledge, at the time of dissemination, but for the most up-to-date information, please view it on this link:
